High definition enhanced CCD camera

- **Near-SIT Performance**
- **Advanced Signal Processing**
- Aspheric Optical System

The Kongsberg Maritime OE15-100c (625 Line/50Hz) and OE15-101c (525 Line/60Hz) high definition enhanced CCD camera represents a breakthrough in non-intensified camera performance. Advanced signal processing circuitry coupled with a high efficiency aspheric optical system provides near-SIT performance from a non-intensified CCD sensor.

The camera is fitted with a light-weight titanium alloy pressure housing as standard, rated for 3,000 metre operation. The unique, high integrity housing design provides for a high degree of immunity to shock and vibration.

The unique Kongsberg Maritime infrared remote long line drive facility is fully implemented in conjunction with an extended range of camera protection features.

Standard Features

Electrical

Horizontal Resolution

Light Sensitivity (Limiting)

Signal to Noise Ratio

Scanning

Power Input Video Output Long Cable Drive

Electro-Magnetic Compatibility

Focus Control (with optional lenses only) 560 TV Lines/ph (OE15-100c) 570 TV Lines/ph (OE15-101c)

1.3 x 10⁻³ Lux (faceplate) (15% video) (Seawater Equivalent Measurement)

>48dB (CCIR weighted)

625 Line/50Hz CCIR (OE15-100c) 525 Line/60Hz EIA RS-170A (OE15-

101c)

Constant Voltage 16V-30V dc

1.0V Pk-Pk composite video into 75 Ω IR Remote Control Setting (1,200m max), optional balanced cable drive BS EN 61000-6-3 2007 Emission

BS EN 61000-6-1 2007 Immunity 12V Bi-polar option/Single-wire option

Environmental

Water Depth

Temperature Range

Vibration Shock

3,000 metres, other options available

Operating -5°C to +40°C Storage -20°C to +60°C

10g, 20-150Hz, 3-axes (non operating) 30g peak, 25mS half-sine pulse

Optical

Standard Lens

4.2mm f/1.2

Varifocal, can be factory set from

4.0mm to 12.0mm

Plano-Concave Port Water Compensation

Iris Control Automatic

Fixed, 1m to Infinity min. depth-of-field Focus Control

Angle of View 82° diagonal in water

Mechanical

Diameter

80mm (3.15")(main body), 93mm (3.66") (rubber guard)

Length Weight

247mm (9.72")(excl. connector) 2.2Kg (4.8lb) in Air, 1.0Kg (2.2lb) in

Water

Standard Housing Connector

6AI/4V ASTM B 348 Titanium Alloy Sea-Con FAWM-8P-BCRA (or equivalent), other connector options

available
