ROV KNIFE – “D Type”

Overview:

The Soft Line Cutter (ROV Knife) has been designed to allow the cutting of fiber rope and webbing slings by ROV, as an alternative to, or where it is not possible to use, a hydraulic guillotine type cutter. The knife has a D-type ROV handle, which allows it to be handled by both parallel jaw and intermeshing type ROV manipulators.

Key Points:

- Cutting capacity – Maximum Ø40mm.
- Approx. weight – 3.5kg.
- Stainless steel construction to resist corrosion.
- Super sharp precision ground blade.
- D-type / paddle style multi-purpose ROV handle.
